

# HOSE 2 GO

## Constant pressure water supply unit

**THE HOSE 2 GO** has a constant flow of water that allows you to suppress the dust when cutting, core drilling and grinding concrete. Once the user has filled the unit from a tap it's ready to go, giving the user up to 30 mins of constant flowing water.

### CHALLENGE ON THE JOB?

- ✗ Getting a constant flow of water for dust suppression
- ✗ Tanks being too heavy to move around
- ✗ Tanks breaking down
- ✗ Running out of battery power

### SOLUTIONS

- ✓ No pump which means greater reliability
- ✓ No complicated electrics to breakdown
- ✓ No need to manually pump for water pressure you need
- ✓ On the job dust suppression – easy and simple
- ✓ Up to 30 mins constant flow of water
- ✓ Portable only weighs 20kg so you can use it anywhere

### SPECIFICATIONS
